Dear NH Region and fellow Patrollers,

I am running for the NH Region Director's position and would like your support! In almost 30 years of patrolling, I have held both patrol and professional positions within organizations that have molded me to where I am now. I am prepared and would be honored to represent our Region as the RD. I have been involved with Patrol politics at National, Division, Regional and local levels for over 25 years and look forward to leading our organization and Region if given the opportunity. As both a Pro and Geographic patroller, I have had the advantage of seeing the issues from both sides of the fence and can relate. I promise respective issues and viewpoints will be presented to the Division and I will strive to produce solutions to better our organization and region.

On a personal note, my wife Amy is a second-generation Ski Patroller and we currently patrol at Pat's Peak. We have two sons, Jonah and Jamie, who cannot wait to become YAPs! I am highly involved with the YAP program and continue to run the Killington Patroller school every year. I have been a Division OET Staff member for over 15 years and completed my NSP Certified in 2004. I continue to be involved with the Eastern Division Certified program as the current OET Certified Chair.

Ski patrolling is truly a passion of mine and has been a huge part of my life. I would love to continue to use that passion to help drive our region for years to come!

Sincerely,

Justin Guth, Candidate for NH Region Director
