I am submitting my application for NH Region Southern Section Chief, representing all members of this great region. I started my patrolling here in NH at Whaleback Mountain in 1979 as a Jr, Patroller.

As I work through the NH Region Southern Section Chief submission process I reminisce on the experience and change I have witnessed in my 47 years of patrolling. I started out with ARC Advanced First Aid, to Winter Emergency Care (WEC) to Outdoor Emergency Care (OEC), an increase in quality management of program delivery to skill enhancements both medical and S&T related. What a ride so far. I am a line patroller and active member participating in programs, training, teaching and service to the skiing/snowboarding public. I have been a volunteer patroller and will continue to be. National Ski Patrol is a brotherhood/sisterhood that combines individuals on a common mission of "Service and Safety" to the skiing/snowboarding and riding public. I am proud to be a member of this organization.

I have been successful in large scale technology initiatives over my 40 years in the IT industry. I bring project management, governance, executive leadership and collaboration to the NH Region. These are important skills that foster and promote continued improvement, collaboration and oversight. I would represent the entire NH Region actively listening to members on issues/concerns and improvements and represent you on the Eastern Division Board.

I would be honored to represent and work for the NH Region Southern Section members working hard to be transparent, collaborative and to enable us to continue providing outstanding programs and improvements for the NH Region members.

I look forward to your support and vote.

Regards
Chris Pringle
